

HEINZE IN THE UTAH NATIONAL

Montana Mining Magnate Buys
Big Block of Stock in Mc-
Cormick's New Bank.

IMPORTANT CONNECTIONS
W. F. ADAMS WILL BE GENERAL
MANAGER.

F. Augustus Heinze, the Montana mining man, and a party of friends, sometimes called "the Heinze crowd," were whisked into town in their private car early yesterday morning, served with breakfast down in the railroad yards and then hustled into a carriage and an automobile or two and driven up to the offices of the Utah National bank.

When Mr. Heinze left the bank an hour or two later he owned a goodly portion of the \$100,000 additional stock issue of the institution made several weeks ago. Duncan MacVie, manager of the Bingham Consolidated Mining & Smelting company, J. P. Gardner, the Salt Lake clothing man, and W. F. Adams until two weeks ago cashier of the National Bank of the Republic, came out with Mr. Heinze, and each held enough stock to make him a director in the Utah National.

Adams Will Be Manager.

Mr. Adams is to be general manager of the bank and he starts on his duties today. W. S. McCormick, who a short time ago purchased the institution, admitted this over the telephone last night. The personal of the directors of the Utah National is now as follows: W. S. McCormick, F. Augustus Heinze, William H. Smith, Thomas R. Carter, J. P. Miller, Duncan MacVie, J. W. W. Fitzgerald, W. F. Adams, John Henry Smith, James Chipman and J. P. Gardner.

The directors will elect officers today. W. S. McCormick said last night that Mr. Heinze had not purchased a controlling interest in the Utah National, and it may be inferred from this statement that Mr. McCormick has not relinquished the reins of the institution.

Importance of the Deal.

The mere fact, however, that Heinze has taken a big block of the Utah National's stock is of the greatest importance. The Montana man's name has been prominent in the establishment of what is commonly known as the big "copper" bank in New York recently, an institution which is organized to handle mining securities, and which is probably the largest bank of its class in the world. Mr. McCormick said last night that he did not know that Mr. Heinze was interested in the New York "copper" bank, but that he was interested in the establishment of which the Utah National will now become the connection for the international country. The purchase of stock in a Salt Lake banking institution is also looked upon as evidence of his intention to increase his business activities in this territory.

FRATERNITY BOYS REPLY

Suspended High School Students
Decline to Renounce Their
Society at Professor's Orders.

The thirteen members of the Alpha Beta fraternity of the Salt Lake High school who were suspended yesterday until they renounced the fraternity take issue with Professor Eaton in his action against school fraternities. The boys say that instead of interfering with their studies the fraternities furnish an incentive for better work by giving a school spirit and a school pride that could be acquired in no other way.

The boys insist that they be given a fair trial, and are unwilling to renounce their fraternity. They say they are willing to study, and study hard, but demand that their organization be not interfered with, as it furnishes them the requisite fun of a harmless nature which goes to make their school life more pleasant and helpful to them. Professor Eaton is still determined in his stand to abolish the fraternities, and as a result the dead-end feud between the professor and the suspended pupils still exists. There are two other school fraternities in the High school against which no action has been taken.

APPLICATIONS FOR WATER.

The New York Giant Mining company of Salt Lake City filed two applications with the state engineer yesterday to appropriate fifteen-second feet of water from tributaries of the river for mining purposes in the Johnson Peak mining district, and Giant group of claims in Juab county.

Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nerve cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep with comfort, and I was a nervous wreck. I had tried many remedies, but I did not have much hope of any of them doing me any good. Dr. Miles' Nerve was suggested by a friend. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had absolutely no return of my old trouble."

MRS. HOWARD FORD.

69 Summit Ave., Worcester, Mass.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind.

ELKS KILLED BY PNEUMONIA

General Fear that the Advent of
Warm Weather Will Bring
Typhoid Fever.

BOARD OF HEALTH ACTIVE
CLEANING UP CAMPAIGN TO BE
INAUGURATED.

(Special to The Herald.)
Elk, Nev., Feb. 15.—Alarmed by the prevalence of pneumonia and other diseases, and fearing that the coming of warm weather will aggravate local health conditions, the White Pine county board of health has issued a bulletin, which has been posted in every public place in Elk, and copies of which have been given to all property owners and tenants, giving peremptory instruction to place all property in sanitary condition without delay. Failure to obey the order will be followed by prosecution.

The lack of sanitation and the crowded condition of the town has caused a great amount of sickness, and it is feared that unless prompt measures are taken, typhoid will gain a foothold. There is no sewerage in the town, and until the sewer mains were put into commission a few days ago the sole supply of water was from wells. These, it was believed, were tainted by seepage and the water was unwholesome.

There have been five deaths from pneumonia during the last two days. The duration of the disease was from two to five days. The warm weather in the day time has made many careless with regard to the warmth of their clothing, and the nights, almost as cold as at any time during the winter, has been largely responsible for the prevalence of sickness.

Coal cannot be supplied in quantities adequate for the needs of the town, and orders must be placed a week in advance for wood, so great is the demand for fuel.

The exodus of prospectors and investors to the newly discovered Mispah district, sixty-eight miles from Elk, continues. New finds are reported almost daily and it is predicted that with development the district will be one of the richest in the state.

Two large deals for groups of claims are being negotiated and will probably be closed within the next ten days. The owners refuse to make the details public until the deals are closed. Salt Lake men are said to be interested in one of the deals.

J. W. Lance and Clarence Shute are reported to have secured the capital for a group of seven claims in the Mispah district, for \$50,000. These claims adjoin a group of claims which Charles J. Wagner, the ironmaster, is said to have an option for \$100,000, and which experts representing him have recently examined.

While prospecting in this district Monday, Charles Jackler encountered a big mountain lion. Jackler was unarmed and offered no opposition when the lion raided his supplies and ate all that was eatable. The lion was a male, and its teeth were unusually large, one apparently missing.

INDIAN FIGHTERS REUNION

Arrangements Completed for Gathering February 26—New Officers Elected.

At a meeting held last night in the Thirteenth ward assembly room, Division of Salt Lake Indian War veterans, perfected arrangements for their annual reunion which will be held in Armory hall, in the Commercial Club building, Feb. 28. A letter was read from Captain Edgar A. Wedgwood, assistant adjutant of the Utah national guard, granting to the veterans the use of Armory hall the night of the reunion.

Committees had been appointed at a previous meeting to take the matter of the reunion in charge. These committees reported last night that everything was now ready. Other business transacted was the election of officers for the ensuing year and changing the name of the local organization from "Department of Salt Lake" to "Salt Lake Post," the former name. Following is a list of officers elected:

O. P. Arnold, commander; James Hague, vice commander; Dr. Seymour B. Young, assistant adjutant; Charles Livingston, assistant quartermaster; Samuel W. Richards, chaplain.

O. P. Arnold, Dr. Seymour B. Young and George C. Lambers were appointed representatives to the state department of the Utah War veterans, which will be held in Salt Lake April 6.

MAIN QUESTION UNSETTLED

Public Worship Saved to Catholics
by the Agreement with Minister Brind.

Paris, Feb. 15.—The agreement between Minister Brind and the church authorities here upon the form of the contracts for the lease of the churches of Paris to the parish priests will, if reached, only become legally binding upon the prefects of the various departments. While it is certain that 85 per cent of the mayors and municipal councils will accept the Paris form of contract, it cannot be legally construed by the federal government, and the municipal council of Paris, of which ex-Premier Combes is president, already has decided to abide by the terms of the law of February, 1906, which places the Catholic churches at the disposition of the Catholic clergy without the necessity of a contract between the mayors and the parish priests.

The members of the household of the archbishop of Paris, Cardinal Richard, take exception to the idea that an agreement relating to the churches will in any sense constitute a solution of the religious issues. In this connection, a prelate who is close to the archbishop said:

"We wished primarily to save public worship from shipwreck, and upon that point we are succeeding, but beyond that the religious question has not advanced a foot."

NO "JIM CROW" CARS.

Guthrie, Ok., Feb. 15.—The constitutional convention today postponed indefinitely action upon the separate coach proposition, and passed a motion to cause a two days' notice to be given before it can be taken from the calendar. It is said that this action means the defeat of the "Jim Crow" law.

The committee on private corporations today reported favorably on a proposition to prevent the piping of natural gas out of the state.

MILITARY POST IN CUBA.

Washington, Feb. 15.—The general staff has submitted to the president tentative plans for the erection of a military post at Guantanamo, Cuba. The navy has a considerable station at that point, but having no artillery force for shore service, it is necessary for the proper defense of the place to provide a military post, garrisoned by one or two companies of coast artillery and equipped with ordnance sufficient to insure the safety of the naval base.

THAW'S JAILER COLD IN DEATH

Grim Reaper Again in the Vic-
inity of the Slayer of
Stanford White.

JEROME MAKES STATEMENT
PROGRAM OF THE DEFENSE
MADE PUBLIC.

New York, Feb. 15.—Dr. Josiah Strong, president of the American Institute for Social Service, said today that Harry K. Thaw consulted him more than two years ago about breaking up a den of vice in this city which was protected by a wealthy man. Thaw did not say where it was located, but Dr. Strong said the young man told him such a story that it "made his blood boil."

Thaw's Jailer Dead.

Death has again invaded Harry Thaw's environment. Just upon the death of the wife of Juror Bolton came the announcement today of the death last night of Michael Downey, who for months has been Thaw's nightkeeper in the second tier of cells, which is known as "murderers' row."

Downey had been a keeper in the Tombs for more than twenty-eight years. Harry Thaw first came to the Tombs Downey did not look in favor upon the new prisoner. But during the long watches of the night when Thaw paced up and down the narrow corridor, a warm friendship sprang up between the two. When Downey was buried tomorrow, a wreath bearing Thaw's card will rest upon the casket. Thaw sent the order for the wreath to the jailer, "Flynn" after he heard of the keeper's death.

Statement by Jerome.

The following statement as to Jerome's position with regard to the sanity or insanity of Thaw was made today:

"Mr. Jerome does not know whether or not Thaw is insane. None of his assistants know. None of the experts retained for the prosecution know. These experts have not had an opportunity to examine Thaw. They are present in court at the trial with an open mind. They would like to know."

"If any experts retained for the defense will say that in their opinion Thaw is now insane, the district attorney will join with them in the request to the court for the appointment of a commission in lunacy to decide on the question of the defendant's sanity."

Next Week's Program.

Harry McPike of counsel for Thaw said today:

"When the trial is resumed next week Dr. Wagner will conclude his testimony, and Dr. Wagner will be recalled to tell of his conversations with Thaw. Mr. Thaw's wife will then finish her story, and his mother will be called for the first time. Finally, as Mr. Thaw's will has been introduced as evidence, it is probable that the family physicians of the Thaw family will complete their testimony. The alienists will be asked a few final questions in order to round out the case, and then, unless something new develops, the defense will probably rest."

LIFE LOST IN SNOWSLIDE

Perry Watson Killed on January 31,
on the Roosevelt Road in Idaho.
—Another Man Missing.

(Special to The Herald.)

Boise, Ida., Feb. 15.—Perry Watson lost his life in a snowslide on Jan. 31, on the Roosevelt road, between Reardon's and O'Brien's. His body was found eight days later and buried in snow to await instructions from relatives, some of whom are at Grangeville and some in Oregon.

Watson was carrying mail. On Jan. 31 he left Reardon's on the trail, intending to return and make his start over the route a day or so later. As he did not return, Pat Latta went out next day to find him. Finding he turned late in the day and, when crossing a draw where a small slide had gone down, he saw Watson's dog in the snow thirty feet below the road. The dog had dug down to Watson's horse and was guarding the animal.

Another man is missing on Big Creek, below Reardon's, and it is feared he has lost his life. His name is George Yardley. He went down to Big Creek to look after some horses. His dog returned to Reardon's, and that has created the impression that the man met with an accident.

AUTOS AT THEIR DISPOSAL

Utah Elks Make the Trip to Pasadena and Assist in Arbor Day Ceremonies.

(Special to The Herald.)

Los Angeles, Feb. 15.—The Elks from Utah and their friends spent today in automobiles from morning until night. This is arbor day and the prettiest incidents were when dozens of Elks-bearing autos stopped at Sycamore grove en route to Pasadena, and assisted in the exercises. Exalted Ruler Tom Homer and Secretary A. W. Rayburn, and their parties, the women led by Mesdames C. C. Slade and E. F. Kaufman, received flowers from the school children and by way of a return compliment assisted in planting trees to carry out the ceremony. They were named the Elks trees and so labeled. Tonight the visitors were guests at the Burbank theatre, where they enjoyed "The Henrietta." Purple was much in evidence in the boxes and front seats. Some salutes were hurled from across the footlights. At 8:45 Saturday morning special cars will carry the Utahns to San Diego.

STORM AT VALDEZ.

Snow is Seven Feet Deep and the
Wind Blowing a Gale.

Seattle, Wash., Feb. 15.—Lieutenant Colonel W. A. Glassford, in charge of the United States signal corps, received word today from Valdez, Alaska, that a terrific storm was raging in that vicinity. At Valdez the snow is seven feet deep and the wind is blowing a gale.

At the summit of the trail between Valdez and Fairbanks, the snow is sixteen feet deep and all traffic between the two towns is entirely stopped.

The operator at Valdez also states that the wires between Valdez and Fairbanks are down near Thompson's Pass. The weather is too cold for the linemen to venture out to repair the line.

WOMEN MAKING A FIGHT ON SMOOT

Pressure Being Brought to Bear
Upon Senate to Secure
Vote for Expulsion.

SERMONS ON THE SUBJECT
SENATE TOO BUSY TO LISTEN TO
SPEECHES.

(Special to The Herald.)

Washington, Feb. 15.—With but three full days in the senate before a vote is taken on the Smoot case, and these days crowded with work on appropriation bills, it is believed there will be little more oratory for or against Smoot. It was the intention of Senator Burrows to speak yesterday, but the discussion of the immigration bill crowded him out and until this bill is out of the way, Senator Dillingham, who has it in charge, will not be able to make his expected speech in favor of Smoot.

While the case will not occupy the attention of the senate during the remaining days before a vote is taken, it will not be lost sight of for several hundred women representing numerous women's organizations are here in convention and moving heaven and earth to bring pressure to bear on the senate to accomplish Smoot's expulsion.

Mrs. Lippinott, vice-president of the Women's league, said today of the speech delivered yesterday by Senator Knox:

Church Comes First.

"The Pennsylvania Senator must know that the oath of the Mormon church required first obedience to the church, Senator Smoot's church comes first, the nation next. We represent ten million women and are receiving telegrams of protest daily. Polygamy is not dying out. It is on the increase and we know whereof we speak. Senator Knox must also know that there are three Mormon churches in Philadelphia even. Two of these churches are polygamous churches. Seven or eight of these churches were destroyed away from Westchester, Pennsylvania, and are no doubt living polygamous lives. Senator Knox must know these things."

Sunday Sermons on Smoot.

On Sunday nearly every minister in this city will, on request of the visiting women devote sermons to Mormonism and polygamy. News from Idaho that the state legislature will pass a bill requiring all voters to take the oath of allegiance to the government, was received by the women's league with much satisfaction, as this law, it is believed, will disfranchise all polygamists in Idaho.

One of the superb pianos is the "Anderson." Hear the tone, see the workmanship, judge for yourself. Sold on monthly payments. Also other pianos. 52 Market street, near new postoffice.

TESTIMONY IS WANTED.

Washington, Feb. 15.—By resolution the senate today called upon the interstate commerce commission for the testimony recently taken by it at Minneapolis and Chicago respecting the shortage of cars for the movement of freight.

RAILROADS INCLUDED.

Washington, Feb. 15.—The house bill requiring railroads coming into the District of Columbia to comply with the anti-smoke law of the district today received the indorsement of the senate committee on the District of Columbia, and it will be reported to the senate.

SUFFRAGE MEETING.

Chicago, Feb. 15.—At the convention of the National Women's Suffrage association today reports were made of progress effected in the different parts of the country and a number of papers relating to suffrage were read. Tonight a memorial service for the late Susan B. Anthony will be held.

TEXAS MAN GETS OFFICE.

Washington, Feb. 15.—The president today sent to the senate the following nomination:

Surveyor of customs for the port of Houston, Tex., Samuel L. Hain.

ITCHING RASH LASTED 8 YEARS

Baby Girl Had Rash Behind Ears—
Nothing Would Drive It Away—
It Spread and Grew Worse Under
Specialist's Care—Tried Every-
thing Without Avail.

CUTICURA REMEDIES

EFFECTED PERFECT CURE

"When my daughter was a baby she had a breaking out behind the ears. The doctor said that she would outgrow it, and it did get some better, but until she was about fifteen years old, and after that we could get nothing that would drive it away. She was always applying ointments and using salves. It troubled her behind the knees, opposite the elbows, back of the neck and ears, under the chin, and all over the face. As we had tried everything that we could hear of without help she took treatment with a specialist and seemed to get worse all the time. We were then advised to try the Cuticura Remedies, and now I don't see any breaking out, and we are well pleased with the results, and I will cheerfully recommend the Cuticura Remedies to all that may need them. M. Curley, 11-19 Sixteenth St., Bay City, Mich., May 20, 1905."

ECZEMA ON FACE

Child Suffered Two Years. Now Well. Mother Praises Cuticura.

"My little girl had been a sufferer of eczema on the face for two years. Tried treatment from doctor without effect. I at last heard of the Cuticura Remedies. Started treating her with Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. She is now nearly six years old, and no more has as yet appeared on her face. From the day of her cure we have always praised the Cuticura Remedies in the highest terms. Mrs. W. H. Kimball, Canton, Minn., Nov. 9, 1905."
